PSRG Partners with Leading Software Solution Provider eVision

Houston, TX – PSRG, a leading safety engineering consulting firm headquartered in Houston, Texas, is excited to announce their partnership with eVision Industry Software (eVision), the global leader in Control of Work software. The partnership is a logical next step in the growth strategy of eVision, and allows the company to meet the continuously growing demand from the US market. Headquartered in The Netherlands, eVision opened its branch office in Houston, TX in 2014. Companies in the oil & gas, chemical, petrochemical, pharmaceutical, and other high-risk industries turn to eVision to improve control over their operational processes, resulting in fully auditable, real-time corporate risk management as well as increased operational efficiency.

As a partner, PSRG's training professionals will be supporting the implementation of eVision's software. PSRG's knowledge of operational practices and risk management within the industries eVision supports makes them an ideal training partner.

More information on eVision can be found on their website at www.evision-software.com. For a demonstration, or more information, please reach out to the contact above.
